SOUTH PENN CO. GETS GOOD WELL

Nine Hundred Feet South From their First Well

TWENTY-SIX FEET OF SAND

Will Be Shot This Afternoon—Was Drilled in Monday Afternoon by Nellis and Hyatt—Expect a Good Well.

Much interest is being taken in the new well of the South Penn Oil Co., which is located on their lease on the Henry Wright farm west of this borough. The new well is located about 900 feet south of their No. 1 well, and is but a few feet north of the old narrow gauge road bed.

Nellis & Hyatt, the well known drillers of this borough, drilled the well in Monday afternoon through 26 feet of good sand, and the well looks like a good one. It will be shot this afternoon, and it is expected that a large number of people from this place will witness the sight.

This new well is not far from the lease of the Surprise Oil Co., and oil men seem to think that the South Penn Co. has hit the streak the Surprise Co. tapped and the development of this well will be watched with great interest. This streak is supposed to go from Grimsby to the flats below East Smethport, and on to Coleville.

MAKES GREAT TEST.

Gas on Dana & Adams Lease Shows for 9 Gallons of Gasoline to the Thousand Feet. Gasoline Plant Being Erected.

Dana & Adams of Bradford are putting in a large gasoline plant on their lease at Bordell, a mile and a half from Rew City in the heart of the Bradford oil field. They have about 150,000 feet of surplus gas a day and it shows under test 9.6 gallons of gasoline to the thousand feet of gas. The chemist who made the test says that this is the best showing made by any lease in McKean county. He believes that by actual test that the gas will produce regularly not less than seven gallons of gasoline to each thousand feet. Many gasoline plants in the Pennsylvania fields are using gas that tests from one and a half to three gallons to the thousand cubic feet.

The plant will consist of two 50 h. p. gas engines and two 50 h. p. compressors, and will have all of the latest improvements. The owners say that it will be the most complete gasoline plant in the Pennsylvania fields. It is expected that the plant will be in operation about July 1.

Dana & Adams have three hundred acres in their lease with 53 producing wells. This property is located in what is termed the flood district and is one of the most valuable oil properties of its size in McKean county. The property is owned by the heirs of the late G. H. Dana and J. L. Adams. Mr. Adams is also interested in oil properties in the Allegany county field and has many friends in Bolivar. The plant will be located about 2½ miles from a railroad and a line may be laid to transport the gasoline from the plant to tank cars at the railroad switch. Gasoline making from natural gas is becoming quite an industry in McKean county and the splendid test made by the gas from the Dana & Adams lease makes this venture look like wheat in the mill to the owners of the property.—Bolivar Breeze.

TWO MEN ARRESTED.

Justice R. C. Gleason Has Two Cases Before Him.

Last Friday County Detective E. W. Jones and Constable U. H. Foote were notified that a man was drunk and disorderly and was also trying to shoot himself in Holmes & Gilfillan's lumber yards on Water street. The two officers immediately went to the scene and there found a man with a revolver between his lips, pulling the trigger and, taken all in all, acting very much like a crazy man. The officers had no trouble in persuading the man to go with them to the borough lockup. On Saturday he was given a hearing before Justice Gleason on a charge of being drunk and disorderly and a fine of $5 was imposed, which was immediately and cheerfully paid. The man gave his name as James Shields of Keating township, and he had no recollection of what transpired the day before. When told of his actions he said he was a lucky man, in view of the fact that a box of cartridges was also found on his person. Had he loaded the gun, the chances are we would have had a far different story to tell.

On Monday a man who gave his name as George Bush of Keating township, was arrested by Constable Foote for being drunk and disorderly and cruelly beating his horse, which he was driving about the streets and beating unmercifully. He was given a hearing before Justice Gleason and fined $5, which he paid.

DEATH OF MRS. JOHN TORMEY.

Suffered With Cancer of Breast for Over Two Years.

Mrs. John Tormey died at her home in Farmers Valley, Sunday, June 11, 1911, at noon, from a cancer of the left breast, aged 43 years.

For the past two years Mrs. Tormey has suffered untold agony from this terrible affliction and has been a patient at the Kane hospital and various other hospitals in the hopes that a cure might be found for her, but none was found. She returned to her home in Farmers Valley about six months ago, and since that time she grew rapidly worse, and at the time above stated death came to relieve this patient sufferer of her trouble. She was ever patient in her great affliction and kept up a true Christian faith.

This good woman is survived by her grief-stricken husband and four little children: three boys, Marlon, Doris and Allreon, and one daughter, Sarah who, deeply mourn the loss of a kind and loving wife and mother.

On Monday her remains were taken to Ulysses, Pa., where on Tuesday funeral services were held and her remains were laid at rest in the Ulysses cemetery.

FROGS WILL FEAST.

A. L. Gallup of Keating Township Heard the Call.

A. L. Gallup of Keating township was in town on Tuesday and found time to make this office a pleasant call. Mr. Gallup informed us that ever since he was married about two months ago, the Frogs have been croaking that they were hungry. It is well known to many in these parts that when the Frogs are hungry they have to be fed. Mr. Gallup also informed us that while in Pittsburgh recently the same hunger-cry of the Frogs pursued him, and that when he arrived home he decided that the only thing to do was to feed them.

So, on next Tuesday, June 20, The Ancient and Honorable Order of Frogs will enjoy the hospitality of Mr. Gallup's home on Potato creek, at which time a banquet will be tendered them. All who attend can rest assured that they will be amply fed and entertained.

A BAD ACCIDENT.

Benjamin Pelton Loses Two Fingers In Saw Mill.

Last Saturday morning Benjamin Pelton, who is employed as head sawyer in the portable saw mill of Joseph Chamberlain, on the cross road between the two Cole creek roads, near Farmers Valley, had the misfortune to have his left hand caught in the rapidly revolving saw and the index and middle fingers badly lacerated.

He came to Smethport and Dr. Hamilton dressed the wounds. The index finger was completely severed near the hand and the middle finger was so badly cut through the bone that it hung by little more than the skin. This finger was amputated and Mr. Pelton was made as comfortable as possible, and, while he is suffering severely, he is getting along nicely.

TO GIVE BANQUET.

Lawyers of McKean County Will Honor Seniors in the Profession.

Members of the McKean County Bar association are making elaborate preparations for holding a complimentary dinner in honor of the members of the bar who have been practicing in McKean county for 32 years or more. The event will be held in Smethport July 3rd, and it is expected that every member of the bar will be in the county seat on that occasion.

The guests of honor will include W. J. Milliken, W. W. Brown, R. B. Stone and James George of this city, E. R. Mayo and Sheridan Gorton of Smethport and S. W. Smith of Port Allegany.

W. J. Milliken is one of the oldest practitioners in McKean county. He commenced the practice of law in Smethport in 1872, coming to Bradford in 1876. He was district attorney from 1873 to 1876.

W. W. Brown was admitted to the practice of law in Smethport in 1866, and the same fall was elected district attorney. He went to Corry in 1869, but returned to Bradford in 1876, where with the exception of intervals at Washington, D. C., worked continuously at the profession.

Mr. Stone first began the practice of law in the state of Mississippi, during the era of the Southern reconstruction, but came to Bradford in 1876, and has actively been engaged in the practice of his profession ever since.

James George began the practice of law in 1875 in Crawford county, and came to this city in 1879, where he has been constantly engaged in the legal business.

In the point of age, Captain E. R. Mayo is the dean of Smethport. Sheridan Gorton has also been in the service a long time, beginning the practice of law in New York state.

S. W. Smith of Port Allegany was one of the pioneers of the legal profession. He was district attorney.

In the afternoon there will be a ball game between the lawyers of Bradford and the rest of the members of the bar of the county.

One of the features of the banquet will be a dish of brook trout which will be caught in the streams surrounding the county seat.—Bradford Herald.

WATER CO. IMPROVEMENTS.

Work Started Monday—New Hydrants to Be Installed.

Monday morning a force of men started work on the Water Company's improvements on Mechanic street. A portion of the pavement was taken up, and the three-inch main is being unearthed, in place of which a new six-inch line will be laid. This job will take about three weeks' time to complete, weather permitting, and the people on the Brooklyn side should be very thankful to the Water Company for the additional fire protection this larger line will give. While the present line is sufficient for domestic use, it is entirely too small for adequate fire protection, as was found to be the case with the fire at the cutlery plant last year.

It is understood that the council intends putting in two hydrants along the new line, similar to the one in front of Pickersgill's bakery, from which the fire engine can be attached. One will undoubtedly be installed at Bank street and the other at the end of the line, which will probably run to Cemetery street.

LOSES A FINGER.

David Arnett of Farmers Valley Had Painful Accident.

Monday morning at about 11 o'clock David Arnett of Farmers Valley had a very serious and painful accident happen to him, in which he lost the middle finger on his left hand and the index finger on the same hand was badly bruised.

Mr. Arnett, with three other men, was engaged in tearing down a rig on the lease of the Camp Glass Co. a short distance down the Pennsylvania railroad tracks from East Smethport, when a large timber, which had been loosened, swung around and smashed Mr. Arnett's left hand against an iron crank. He at once came to town and sought Dr. Hamilton who dressed the injury.

It was found that the middle finger was so badly crushed that amputation was necessary, and the finger was removed near the hand. The index finger was badly bruised but it was not necessary to remove it. Mr. Arnett suffers considerable pain, but is getting along very nicely at present.

P. D. HOPKINS DIED AT KANE LAST SATURDAY

Lived Here Many Years and Was Highly Respected.

FORMER BURGESS OF SMETHPORT

Suffered Stroke of Paralysis Tuesday, June 6—Was Well Known Throughout County—Moved to Kane 15 Years Ago.

P. D. Hopkins died at his home in Kane last Saturday morning at 8 o'clock after a brief illness. On Tuesday, June 6, he was stricken with paralysis from which he succombed on Saturday. Mr. Hopkins lived in this borough for many years, and conducted a grocery store in the building now occupied by Walter Daly and family on Mechanic street. He was burgess of this borough for one term and also served on the borough council. He was a man of sterling qualities and his death is mourned by his many friends in this place, where he lived so long. From the Kane Republican we clip the following sketch of his life:

In the death of P. D. Hopkins, which occurred at his home on Biddle street Saturday morning at 8 o'clock, after a brief illness, Kane has lost a valued citizen, and one who will be greatly missed in the circle in which he moved. Quiet and unassuming in his demeanor, he was a man of sterling worth and character, a kind and loving husband, an indulgent father, and a staunch friend and good neighbor, his impress has been left in the community in which he has resided so long.

Mr. Hopkins was a man of strong convictions and he had the courage of those convictions. Upright and just in all his business relations he made for himself an enviable record, and one that reflects far better and more forcefully the true character of the man, than words can portray. Deceased was a personal friend of the writer for many years and it is from the pleasant reflection of that friendship that these lines are penned. No man ever went to him with an appeal for aid, sympathy or advice that was turned away. He was always ready to give the best that he had for the uplift of humanity. Truly a good man has gone from our midst but his memory will linger with us for time to come.

Philander D. Hopkins was born in Susquehanna county, Pa., February 1st, 1848. He moved with his parents to McKean county when he was four years old, the parents locating at Lafayette Corners. At the age of seventeen he went with his father to Wexford, Mich., where he remained for about three years, when he returned to Smethport where he remained for many years.

He was united in marriage to Miss Anna Wilkinson, at Smethport, on May 7, 1884. During his residence in Smethport he engaged in the mercantile business. He united with the Baptist church early in life and for years was superintendent of the Sunday school and one of the deacons of the church. He served as burgess and was also a member of the borough council and acted as its secretary. He discharged his duties with conscientious fidelity. He located in Kane about 15 years ago. Soon after coming here he was elected justice of the peace and has filled that office ever since.

He was a member of Smethport lodge of Odd Fellows, Kane Encampment and also of Clara Rebekah lodge.

He is survived by his widow, one daughter, Mrs. Wm. Mannigan, two sisters, Mrs. S. W. Patterson of Marvindale, and Mrs. Mary Foster of Lewis Run, two brothers, Alonzo Hopkins of Traverse City, Mich., and Clark Hopkins of Wyoming, Iowa, two half sisters, Mrs. Dell Ramsay of Wyoming, Alva Wright of Traverse City, Mich., and one half brother, Wellet Hopkins of Wexford, Mich.

The funeral services were held from the Baptist church at Kane, Tuesday afternoon at 2 o'clock. The services were largely attended. Many Odd Fellows of this place attended.

CRIMINAL COURT ENDED.

Six Divorces Granted—In Eldred Bank Cases Defendants are Acquitted.

The case against McConnell & Company, who were charged with a violation of the pure food laws, which was tried Friday, resulted in a verdict of not guilty. The costs of the case were divided between the prosecutor and defendants.

Albert Forrester, a Bradford man, who was charged with furnishing liquor to minors, was discharged. The witnesses needed by the commonwealth failed to appear.

Judge Bouton on Friday granted a license to the Black Bear hotel of Bradford. This license was held under advisement at the last term of license court.

On Friday the following divorces were granted by Judge Bouton:

Emma Schmitt is divorced from Joseph Schmitt.

Ernest L. Smith from Blanch Smith.

Isaac Burns from Viola M. Burns.

Ida May Billyard from Clarence F. Billyard.

Clifton Peet from Susie Hover Peet.

Sherman Button from May L. Button.

Harris Cohen, charged with selling butterine in a manner forbidden by law, was convicted. A motion for a new trial was made in this case.

Two of the Eldred bank cases were tried before Judge Bouton and in each binding instructions were given by the judge, to the jurors, to find verdicts in favor of the defendants. There were three other similar cases and these, in like manner, were disposed of, without the hearing of further testimony. This action was taken on the ground that there was no law relating to private banks covering the matters under complaint. However, three of the defendants, Downing, Young and Crisman, were ordered to pay the costs. Sloan, the fourth defendant, was not included in this order.

Court adjourned Friday.

COMMENCEMENT EXERCISES.

Held at Lyceum Last Thursday Evening—Were Largely Attended.

The commencement exercises of the Smethport High School were held in the Lyceum last Thursday evening and were largely attended by the relatives and friends of the graduates.

The opening number was Gounod's "Waltz from Faust," by the high school chorus, after which Rev. J. W. McGaveren of the Methodist Episcopal church offered prayer. A double quartette, consisting of Misses Alberta Coty, Marjorie Gleason, Flossie Freeman and Leona Hogarth and Robert Daly, Dewber Simkins, Howard and William Brownell sang Rubenstein's "Rest." S. E. Weber, dean of the State College summer school then delivered an address on "Ideals." Dr. Weber spoke largely in regard to the problems of the high schools and the value of education. The address was an instructive one and was much enjoyed. The Girls' Glee club then sang "Merry June," and the High School chorus sang Costa's "Damascus Triumphal March." The diplomas were presented to the members of the class by D. C. Young, president of the board of education, who gave a brief talk concerning the local schools. The double quartette then sang Lacome's "Exudontha," after which benediction was pronounced by Rev. McGaveren.

The following young people received their diplomas: Edna Anderson, Viola E. Badger, William H. Colegrove, Albert Cory, Robert E. Daly, Theo Freeman, Lauretta Glavin, Allen G. King, Jennie Kohn, Aletha Pickersgill, Marie Purtle, A. Elmer Quirk, Myra Shelburne and R. Dewber Simkins.

The exercises were followed by a dance, at which the class just graduated entertained their friends.

AT GRANGE PICNIC.

An Opportunity To Hear the Man Who Dethroned Cannonism.

June 29th, Congressman Norris of Nebraska, who offered the resolution which passed in the House providing for the appointment of a new committee on Rules by the House, superceding the Speaker-appointed committee and providing that the Speaker should have no place on said committee, will speak at the Grange picnic at Coryville. The following sketch of Norris was taken from the May 7, 1910, issue of the Saturday Evening Post:

For several years Norris has been active in the insurgent movement. He is a short, placid, square-headed person, who is serving his fourth term in the House. He is intensely serious. Most insurgents are. Still, Norris has back of his seriousness something more than the determination to appear so for the effect. He has had to fight for everything he has attained and, like as not, his early struggles have left their mark on him.

He was born on a farm in Ohio, and his father died when he was a child. His brother was killed in the Civil war. This left Norris as the only support for his mother. He worked out as a farmhand and then taught school and got an education. In 1885 he went to Nebraska. He has been prosecuting attorney and a judge. He was on the bench when he was elected to Congress.

Norris has had no snaps in his life. When he was a candidate for the presidency of a debating society in college he won by but one vote. He was elected judge of the Fourteenth District in Nebraska by two majority in 1895, and when he was sent to the present Congress he had but twenty-two majority.

Congressman Norris was elected last fall by a large majority for his 5th term.

Hon. J. T. Allman, secretary of the State Grange, will also address the picnic.

SARTWELL GIRL DEAD.

Death of Ella Brooder Occurred Thursday of Diphtheria.

Thursday morning at 9 o'clock, at the home of her parents, Mr. and Mrs. William Brooder, at Sartwell, occurred the sudden death of Miss Ella Brooder, caused by diphtheria, at the age of 24 years. A few days ago the young lady contracted a severe case of tonsilitis, as was supposed, and in due time Dr. Meecham was called upon for medical attention. Later it developed into a case of diphtheria. About 9 o'clock, Wednesday, she was left alone for two or three minutes, during which time she was overtaken by a sudden attack of choking, in the midst of which she expired. Being unable to call for aid she had tried to get to the door, falling to the door, where she was found past all aid.

Deceased is survived by her parents and four sisters, Mrs. James Ward of Corning, N. Y.; Mrs. Joseph Fitzpatrick of Hancock, Pa.; Mrs. Bert Smith of Toledo, O., and Mrs. Amos Conley of Sartwell, and four brothers, Joseph of Sartwell; William of Farmers Valley; Thomas of Pittsburg, and Raymond of Corning. Funeral was held at the house at 11 o'clock this morning and interment at St. Mary's cemetery, Rev. Fr. Doyle officiating.

The young lady was well known in Eldred and vicinity and her sudden death leaves a host of regretful friends who unite in extending to the bereaved parents and family their heartfelt sympathy.—Eldred Eagle.

BROKE HIS KNEE CAP.

Tom Murray Had Bad Accident Sunday Night.

Last Sunday night about 8 o'clock as Tom Murray, of the Hotel Imperial, was running down Main street to get out of the downpour of rain, in some manner he fell off the step in front of the postoffice and when he regained his feet and tried to walk he fell again. He then discovered that the knee cap on his left leg was broken.

"Tommy" was at once taken to his room at the Imperial and Dr. John Clark was summoned, and he reduced the fracture and made Mr. Murray as comfortable as possible.

This accident will keep Mr. Murray confined to his bed for at least two months, and the fractured knee will have to be kept perfectly quiet. This will be bad news to "Tommy's" many friends in town, and they will all hope for his speedy recovery. He is getting along as well as could be expected at present.

Smethport, Thursday, June 15, 1911.

Herr Schendell, who on Tuesday established a German altitude of 6,594 feet in an aeroplane at Johannesthal, Germany, fell more than a mile last Friday evening with his mechanic, Voss, and both were instantly killed. Schendell was trying to eclipse the world's altitude with a passenger.

Last Thursday Governor Tener approved the pure milk bill prepared by the pure food department. It provides that all milk must contain 3¼ per cent. of butter fat and 12 per cent. of solids and all cream must contain 18 per cent. of butter fat. The penalty for violation is $25 to $50 fine or 30 to 60 days in jail, or both.

Governor Tener has approved the new law which gives boroughs the right to order streets paved without the consent of property holders, and allowing the boroughs to charge the property holders a pro rata share of improvement. Under provisions of an old law it was necessary to have a petition bearing the names of two-thirds of the owners of the property front before any paving could be done. Now it will be necessary for councils to decide that a street needs improving and the work can be ordered done. Of course the borough will have to pay one-third of the costs of improvement.—Franklin Herald.

Last Thursday Mexico suffered a terrific earthquake. The shocks were felt from coast to coast and the volcanoes Colima and Popocapetel are belching forth smoke and lava, and one side of Colima caved in Monday and let into the crater the waters of a lake. A tremendous explosion immediately took place and it is feared that a large eruption will follow. It is thought the loss of life will be at least 200. While the number of buildings destroyed is many, the real loss will be comparatively small, for the structures are mostly inexpensive.

Attorney General John C. Bell has advised Dr. N. C. Schaeffer, superintendent of Public Instruction, that no appropriation had been made for the pay of assistant county superintendents provided for in the school code. In his opinion the Attorney General said: "There are no assistant county superintendents and were none at the date of the passage of the appropriation act. There is no provision for the payment of any part of the sum appropriated for superintendents to the salaries of assistant superintendents and there is contained in this law the positive direction that after deducting from the $15,000,000 the specific amounts appropriated, the remainder of the amount hereby appropriated shall be paid * * * in favor of the several school districts of the Commonwealth."

BIG FAIR IN SEPTEMBER.

Arrangements Being Started for Biggest Fair in History of Fair Association.

It begins to look as if there will be just one big home-coming, hilarious and high old time in this county seat this summer, and that will be on the occasion of the Seventh Annual Great McKean County Fair & Races, September 12, 13, 14 and 15. Our fair is the one big holiday for all the people of this county. It is recognized as such by its loyal inhabitants from staid and solid Corydon township to in de sèicle Bradford, Kane, Port Allegany, Eldred and its other smaller but no less blase centers of population.

Here the rich and poor, the high and low, and of all faiths, political and religious, also the honest farmers, near farmers and would-be-farmers—they all gather here on common ground once a year; rub elbows with their friends and enemies, drink red lemonade, see the horses go, hear the barkers bark and talk over the good old days and in general have a good time and conclude that after all Old McKean is not such a bad county to live in as it might be. But there is another side to the fair and it stands out more every year. The educational side which teaches by object lessons what the neighbors are doing. Our fair brings together each year the best that is grown, made or roomed from farm, fire-side and table in this county. Right here we are authorized to state that the Fair Association has made special arrangements for some of those unusually big pumpkins and things which we hear about from people each year at the fair. We mean that man or woman who delights to scoff at exhibits and tell how much better they might have brought, but didn't care to go to the trouble. Well, the Fair has strengthened all the bridges leading to the grounds and will enlarge the booths to accomodate all comers this year. Make up your mind to bring in the best you have. It will help your neighbors and yourself.

The Fair management remains the same as in former years; it has profited by past experience and no effort will be spared to make this the banner fair of the Association. It is hard at work on preliminary arrangements. Special exhibits are already engaged; new and different amusement enterprises are being booked, the race track is already placed in fine shape and horses are being trained there for this season's racing. The new premium list will be out about July 15th, and many new departures from former years will be announced there. The potato and corn contests for children and young people are attracting much attention. They are being conducted in connection with a larger state-wide movement and the rewards offered are very handsome.

We want to urge the people to take more interest in the fair. It is growing, because each year sees more people personally interested. Nothing but praise and encouragement should go to the management, who are shouldering large financial responsibilities cheerfully, besides doing much hard work, with no reward, all for the sake of having the fair. They derive no personal benefit any more than you or I do, that is, not in dollars and cents, but it has fallen to their lot to perform a duty to the public in maintaining the fair. So long as the people do their share the fair will continue to grow. It fills a big need in the county. It has fallen to this town and immediate surrounding country to make arrangements for it every year and it is time again to take off our coats and get to work. Let us do it cheerfully. And as in former years the people all over the county will ably second our efforts and put forth their best efforts. This making a big, successful fair is like any other job that looks big and hard—it is just plain work. There is about three months between now and fair time. Mr. Farmer and Mr. Businessman, what can you do for the fair?

It's up to you!

IT WAS FAR BEYOND OUR EXPECTATIONS——
OUR SALVAGE SALE.

If we were to tell you the number of people we waited upon, or the amount of goods we disposed of last Thursday, Friday and Saturday, you might say we were bunking. But we had fifty sales people to wait on the trade and then had to close our doors to keep the people out, so we could straighten up our stock. This speaks for itself. Every customer was so well pleased with their purchases that they told some one else. So instead of our business falling off after the first day, it kept increasing from day to day until it was impossible to take care of every one who desired to take advantage of our wonderful bargains. We are now better equipped to handle our customers, and we will be able to wait on you in the proper manner. We have put on sale a great many suits, overcoats and raincoats that are damaged. Some with the linings burned, others that were wet, etc. These goods can be easily repaired so they will be just as good as new, and they will be sold at such low prices that we feel we are almost giving them away. People that work will find these goods just what they want for working clothes. Our store will be open evenings, to accomodate those that can't come during the day. I remain, very respectfully,

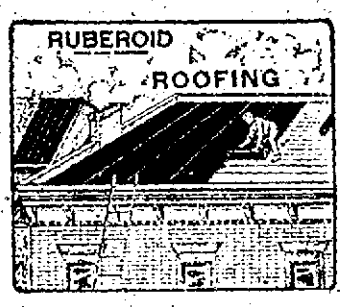
WHY



are there a multitude of materials called "Rubber Roofing" offered to the Public? The explanation is simple—TO ATTEMPT TO SELL THEM ON THE RECORD AND REPUTATION OF

RUBEROID ROOFING

by selecting a name to catch the unwary purchaser.

RUBEROID is the pioneer and acknowledged standard ready-to-lay Roofing, known to the whole United States and the entire civilized World for 15 years.

It contains no rubber or any other ingredient which will deteriorate with exposure to the elements.

Insist upon having only the genuine. Do not be deceived by unscrupulous manufacturers who try to imitate RUBEROID in name and appearance. See that the registered trade mark "RUBEROID" is stamped on the under side of the material every four feet.
